ec2-user@ip-172-31-20-246:~

```
#!/bin/bash
```

```
outfile="/home/ec2-user/display1.sh"
date > "$outfile"
while read output;
do
echo -n "$output is" >> "$outfile"
if ping -c1 "output" > /dev/null 2>&1;
then
echo "up" >> "$outfile"
else
echo "down" >> "$outfile"
fi
done
```

The image is predominantly black. Along the left edge, there is a vertical column of small, light blue, wavy, hook-like marks. Near the bottom left corner, there is a small red square. In the bottom right corner, there is a small, faint, light blue mark that resembles a stylized 'v' or a checkmark.
